

THE BOY SCOUTS ASSOCIATION

25, BUCKINGHAM PALACE ROAD,

LONDON, S. W. 1.

7th April, 1933.

Dear Macintyre,

I have read with greatest interest your report on the services performed by the Boy Scouts of São Paulo during the recent Civil War and I would like to congratulate you and them on the good work they did in the service of the Red Cross for tending the sick and wounded as well as, in some cases, the distressed inhabitants. They showed by their self-sacrificing duty for others, which they carried out under conditions of considerable hardship and personal danger, that they had the true spirit of Scouting.

The record of their good and brave work will be eagerly read by their brother Scouts in other countries, and their example will be an inspiration to others to Be Prepared to act like them should the occasion ever arise.

I cordially wish you and all your Scouters and Scouts full measure of success in the further development of Scouting in Brazil for the good of themselves and for the good of that beautiful country.

Meanwhile I am proud of them for what they have done in upholding the good name of Scouting.

Yours sincerely,

*Baden-Powell*
